

Dheeraj Kumar Singh

Bengaluru, Karnataka | +91-7296030779 | dheeraj25122002@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Software Developer with experience building responsive, scalable full-stack web applications using Angular, React.js, Node.js, and .NET. Skilled in API development, cloud fundamentals (AWS), testing, debugging, and bug fixing, with a strong foundation in Java and Data Structures and Algorithms (DSA). Proven problem-solver contributing to high-quality software delivery in Agile, collaborative teams.

EXPERIENCE

SDE Trainee, Software Developer — Vyshnavi Information Technologies (Intellibuddies) *March 2025 – February 2026* | Bengaluru, Karnataka

- Developed responsive, scalable UI components using Angular, TypeScript, Angular Material, and DevExtreme, following clean, reusable architecture.
- Contributed to backend development using C# and .NET Framework, implementing APIs, data validation, and scalable data processing workflows.
- Performed unit testing, debugging, and bug fixing; collaborated with QA in an Agile environment across sprint planning, stand-ups, and code reviews.

Software Developer — Arabian Infotech

March 2026 – Present | Bengaluru, Karnataka

- Developed, built, and maintained responsive, scalable web applications, ensuring performance, reliability, and cross-browser compatibility.
- Collaborated with cross-functional teams to design, develop, and deploy new features and enhancements to existing applications.
- Maintained and optimized existing codebases, identified and resolved bugs, and improved overall application stability and performance.

PROJECTS

TastyGo | MERN Stack | [GitHub](#)

- Built a full-stack food delivery application using React.js, Node.js, and Express.js; developed REST APIs for authentication, order processing, and product management with JWT security, MongoDB, and a secure payment gateway deployed on a custom domain.

Portfolio | Angular, TypeScript | [GitHub](#)

- Developed a personal portfolio website using Angular and TypeScript, featuring a responsive, component-based UI to showcase skills, projects, and professional experience.

DocFusion | Node.js, Express.js, React.js | [GitHub](#)

- Built a Word-to-PDF conversion application with efficient document processing, file validation, error handling, and a responsive, user-friendly interface.

TECHNICAL SKILLS

Languages: Java, JavaScript, TypeScript, C#

Frontend: Angular, React.js, HTML5, CSS3, Bootstrap, Tailwind CSS, Angular Material, DevExtreme

Backend/Databases: .NET, Node.js, Express.js, REST APIs, MongoDB, SQL

Cloud: AWS

Tools: Git, GitHub, VS Code, Claude (AI-assisted development)

Core Concepts: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), Problem-Solving

EDUCATION

Bachelor of Technology, Computer Science — Radharaman Institute of Technology & Science, Bhopal, MP | 2021 – 2025 | CGPA: 8.19

12th (BSEB): 75.6% | 10th (BSEB): 78%

ADDITIONAL INFORMATION

Problem Solving: Solved 400+ coding problems across multiple competitive programming platforms.

Certifications: Foundation of Cybersecurity, Generative AI (Microsoft & LinkedIn), Soft Skills.
